

RSSs: Really Simple Syndication simplified

Background Reading:

Forbes:

http://www.forbes.com/personaltech/2004/02/23/cx_ah_0223tentech.html

BBC News: <http://news.bbc.co.uk/1/hi/magazine/3503509.stm>

Wikipedia: http://en.wikipedia.org/wiki/RSS_%28file_format%29

Methods of viewing RSS Feeds

A list: <http://www.newsonfeeds.com/faq/aggregators>

List of those I mentioned in my presentation:

Online

<http://www.yahoo.com/> Set up a My Yahoo Page with news clippings

<http://www.google.com/reader/view/>

<http://www.netvibes.com/>

Email Based:

<http://www.feedblitz.com/> Must be added by the provider

<http://www.yahoo.com/> Yahoo Alerts, set up through a Yahoo account to email you when one of your feeds is updated.

<http://www.shootthebreeze.net/blogalert/> One time set up for each feed. I did not try this one!

Dedicated Applications

Cross Platform

<http://www.rssowl.org/>

<http://www.agilerss.com/>

Mac

<http://www.newsgator.com/NGOLProduct.aspx?ProdID=NetNewsWire>

Windows

<http://www.newsgator.com/NGOLProduct.aspx?ProdId=FeedDemon>

<http://www.sharpreader.com/>

<http://www.feedreader.com/>

Linux and mobile applications can be found at the first link listing applications above.

Common Browsers Supporting Feeds

Safari (Mac only), FireFox, Internet Explorer 7
